Informative list of social service providers meeting the required standards[1]

This list has been prepared on the basis of the *„Monitoring of selected service providers for women experiencing violence and their children, and the Assessment of compliance of service provision with the Council of Europe standards*“, carried out under the coordination of the Coordination-Methodological Centre (CMC) in the years 2020–2024.

This list is **informative in nature**. Service providers that have achieved **75% or more of the total attainable score** in the assessment are considered to meet the required standards.

The informative list of social service providers meeting the required standards is provided below.

[1] The European standards are based on the provisions on specialized protection of women experiencing violence and their children and on specialized services for them in the Council of Europe Guidance ‘Combating violence against women: minimum standards for support services’ (https://www.coe.int/t/dg2/equality/domesticviolencecampaign/Source/EG-VAW-CONF(2007)Study%20rev.en.pdf). For the conditions of the Slovak Republic, the European Standards have been adapted by the Coordination and Methodological Centre for the Prevention of Violence against Women of the Institute for Labour and Family Research (Please see *Návrh usmernenia k poskytovaniu služieb pre ženy zažívajúce násilia a ich deti* – Usmernenie Sluzby A Standardy – only in Slovak language).
